

TABLE 2: STUDENT  $t$  DISTRIBUTION: CRITICAL VALUES

For a particular number of degrees of freedom  $v$ , each entry represents the value of  $t$  corresponding to a specified upper tail area  $\alpha$ .

Degrees of Freedom $v$	Upper Tail Areas, $\alpha$					
	.25	.10	.05	.025	.01	.005
1	1.0000	3.0777	6.3137	12.7062	31.8210	63.6559
2	0.8165	1.8856	2.9200	4.3027	6.9645	9.9250
3	0.7649	1.6377	2.3534	3.1824	4.5407	5.8408
4	0.7407	1.5332	2.1318	2.7765	3.7469	4.6041
